# SHATHA ABDULLAH ALRESHOODI

IT & Software Development Professional
Buraydah, Al-Qassim, Saudi Arabia | +966 55 214 1133 | shathaalrshoudi@gmail.com
LinkedIn: linkedin.com/in/shatha-alrshoudi

## PROFESSIONAL SUMMARY

Computer Science graduate with First Class Honors and experience in software development, IT systems, cloud hosting, and application security. Developed an internal employee platform serving 30+ staff and managed organization-wide email administration and access controls.

## TECHNICAL SKILLS

**Development:** Python, Flask, Java, C/C++, JavaScript, HTML, CSS, object-oriented programming

**Databases & APIs:** SQL, SQLite, MongoDB, Postman

**Cloud, Systems & Tools:** AWS Lightsail, Nginx, Cloudflare, Git, GitHub, VS Code, WordPress, Zoho Mail

**Security & Design:** Authentication, role-based access control, CSRF protection, Adobe Illustrator, visual identity design

## PROFESSIONAL EXPERIENCE

**IT Specialist | Mission Academy** Jul 2026 - Present

- Developed and deployed a secure internal employee platform serving 30+ employees using Python, Flask, and SQLite, with authentication, role-based permissions, and task management workflows.
- Administered organization-wide email systems for 30+ employees and managers, including Zoho Mail accounts, domain settings, access permissions, shared mailboxes, and email security policies.
- Configured and tested application hosting with AWS Lightsail, Nginx, and Cloudflare, including DNS settings, deployment support, and troubleshooting.
- Designed coordinated visual identities and print/digital materials for healthcare conferences and events.

**Back-End Development Intern | Tour Company** Aug 2025 - Oct 2025

- Completed supervised practical training in back-end development and server-side application workflows.
- Used Postman for API request testing and MongoDB for hands-on database exercises during technical training.

**Technical & Website Intern | Efhas Center** Jun 2025 - Aug 2025

- Worked on a WordPress-based website and supported related technical activities, gaining practical website administration experience.

## SELECTED TECHNICAL & DESIGN PROJECTS

**AutoPent - Automated Penetration Testing Tool (2026):** Led a graduation team building a bilingual web security tool with safe scanning, risk classification, scan history, and reports using Python, Flask, and SQLite.

**Internal Employee Task Management System (2026):** Created secure workflows for employee task tracking, authenticated access, and permission-controlled operations.

**Al-Bukayriyah Health Expo - Visual Identity (2026):** Developed branding and event materials, including posters, stage backdrops, badges, signage, and venue maps.

**World Heart Day Conference - Visual Identity (2026):** Created a consistent event identity and supporting conference materials, including certificates, badges, and promotional assets.

## EDUCATION

Bachelor of Science in Computer Science | Qassim University, Saudi Arabia | 2021 - 2026
GPA: 4.746/5.00 | First Class Honors

## CERTIFICATIONS

Frontend Development Course, Udemy (2026)

## LANGUAGES

Arabic, English
